

DATA ETHNO GRAPHY

*Tuesday
biweekly
6 pm
AH 217/218*

LECTURE SERIES

Graduate School Locating Media / CRC Media of Cooperation

datapower: prediction and incomputability

23 Oct - Luciana Parisi (Goldsmiths University of London)

little cultures of small data: everyday digital experiences

29 Oct - Jolynna Sinanan (University of Sydney)

**crunching data like an anthropologist: rethinking the
divide between data science and interpretive
social science**

12 Nov - David Moats (Linköping University)

situated knowledge as a concept for data ethics

26 Nov - Aline Franzke (University of Duisburg-Essen)

exploitation forensics

10 Dec - Vladan Joler (University of Novi Sad)

**notes from the design studio: charting how designers
design with and for data**

14 Jan - Arran Ridley (University of Leeds)

digitality, memory and failure

21 Jan - Arjun Appadurai (New York University)

**cultures in the influencer industry via soft and hard
data approaches**

28 Jan - Crystal Abidin (Curtin University)
